Porto airport to Finca Rio Miño

Take exit and initially follow main road; after a short distance take filter right signposted to **Viana do Castelo/ Valença A28 (IC-1)** . Keep in right hand lane as a short distance later is another filter to right again following the A28 to Viana, Valença and Caminha.

The route continues on the A28 all the way to its natural conclusion at **Lanhelas** on the IC-1 (N13). (When approaching Viana do Castelo en route, there is another right filter which keeps you on the A28... but take care once on that filter you **do not filter off right again which would take you towards Ponte de Lima on A27**)

Keep on A28 until Lanhelas conclusion.

At **Lanhelas** continue north towards **Vila Nova de Cerveira**. (A short distance on this road before Cerveira is a supermarket should you wish to shop. On reaching a small roundabout the supermarket Pingo Doce is to the right)

On reaching Vila Nova de Cerveira straight across roundabout and continue until the road goes down a gentle slope, and you reach a new roundabout with signs to Espanha and Lovelhe on a filter to the right. This will take you to the new bridge over the Rio Miño.

Cross the bridge to Spain until you reach a large roundabout, where **you take the third exit through Goian. (Do not take the second, new road exit, indicating Rosal and La Guarda)** Go straight through the village and on leaving Goian, you will see a **sign on right Concello De Rosal and immediately after is bodega ADEGAS TOLLODOURO SA ALBARIÑO** (Rusty Brown looking building, in reformation)), then the sign for **LAS EIRAS.**, **Turn left** as indicated, and follow the road through forest, with no turn off.

You will eventually reach houses and a **T junction**. This is Las Eiras. (EIRAS ON SOME SIGNS) **Turn right** and approx 100 metres on left you will see a bus stop and then a building Las Eiras Centro Cultural, a sleeping policeman road bump and immediately, after tiles on wall which say Finca Rio Miño. (And a large green bottle bank bin)

Turn left and go to bottom.

You have arrived. Please ring bell by gate.
