

## Directions:

### From Santiago de Compostela airport to Finca Rio Miño

Having obtained your car, follow the directions to the motorway E1/A3, taking care to enter the southbound carriageway towards Vigo/Pontevedra, and not northbound to La Coruña . This is a toll road, and you will pay at various stages, so make sure you have some euros with you, or in an emergency you can pay by credit card.

Once on motorway continue towards Vigo , but do not take the turn off to Vigo itself, but continue on the motorway as if you are going to the airport. Thereafter you should continue to follow the signs to PORTUGAL AND TUY (TUI) which is really a continuation of the same motorway, although the signs can be confusing since new stretches of road have been completed recently.

Continue with the signs to Tui and Portugal until you see a sign for La Guardia (A Guardia) ,O Rosal and Tomiño which is the C550, and take this turn. You will reach a T junction and should turn right here towards O Rosal and La Guardia.

After approx 19k you come to Goian. Go straight through the village and on leaving Goian, you will see a sign on right Concello De Rosal, and immediately after is ADEGAS TOLLODOURO, SA ALBARIÑO (pink building Producing PONTELLÓN Albariño), then the sign for LAS EIRAS. Turn left as indicated and follow the road through the forest, with no turn offs.

You will eventually come to houses and a T junction.

This is Las Eiras.

Turn right and approx 100 metres on left you will see Las Eiras Centro Cultural and immediately after, the sign Finca Rio Miño in tiles on wall.

Turn left and go to the bottom.

You have arrived.
